FAO Food Price Index

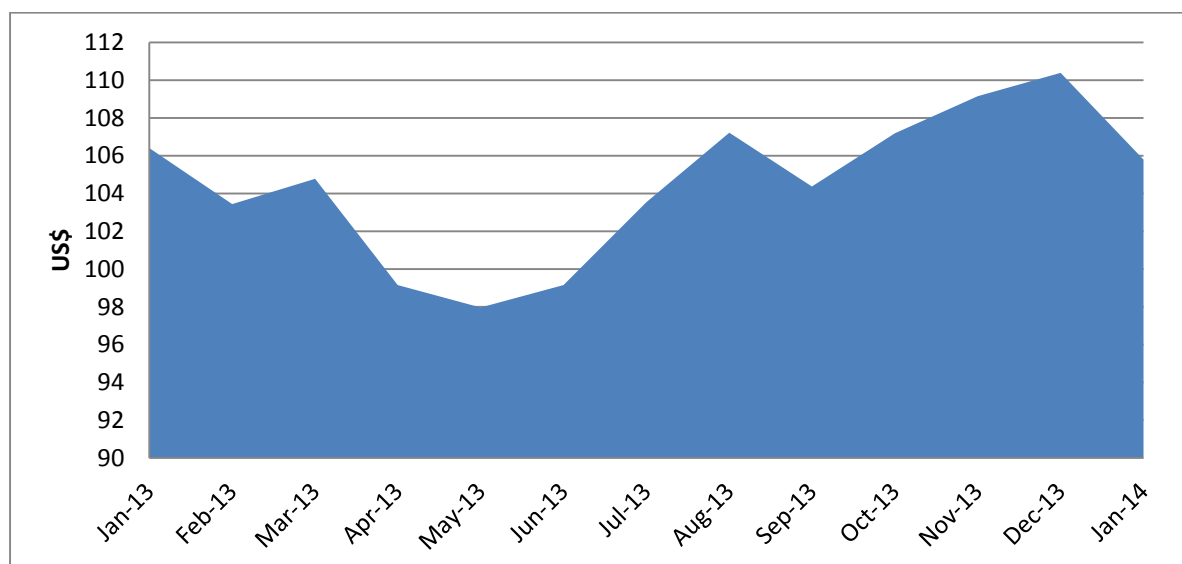

The Food and Agricultural Organisation (FAO) Food Price Index¹ averaged 202.9 points in January 2014, down by 3.1 points from its level in December 2013. Dairy prices continued to increase but this was offset by a drop in prices for sugar, meat, cereals, and vegetable oil in January 2014.

The FAO Cereal Price Index averaged 189.0 points in January 2014, down by 2.5 points from December 2013. Similarly, the FAO Vegetable Oil Price Index averaged 188.6 points in January 2014, down by 7.4 points from December 2013. The FAO Meat Price Index averaged 183.2 points in January 2014, down by 2.4 points from December 2013. The FAO Dairy Price Index averaged 267.7 points in January 2014, up by 3.6 points from December 2013. The FAO Sugar Price Index averaged 221.7 points in January 2014, down by 13.2 points from December 2013.

Selected Commodity Prices

Brent crude oil price closed at USD105.79 per barrel at the end of January 2014, which was 4.2 per cent lower than at the end of December 2013, and slightly lower than the USD106.40 per barrel recorded at the end of January 2013.

Inflation Rate for a Selected Developed Economies

Euro Area

The annual inflation rate was 0.8 per cent in January 2014, unchanged from December 2013. A year earlier the rate was 2.0 per cent. The largest upward impact on the annual inflation in January 2014 came from *tobacco (0.08 percentage point)*, *electricity (0.05 percentage points)* and *milk, cheese & eggs (0.05 percentage points)*, while *fuels for transport (-0.19 percentage points)*, *telecommunications (-0.13 percentage points)*, and *heating oil (-0.05 percentage points)* exerted downwards pressure. The annual rate recorded for January 2014 remained below the European Central Bank inflation target of below but close to 2.0 per cent.

Japan

The annual inflation rate for January 2014 stood at 1.4 per cent, down from 1.6 per cent in the previous month. A year earlier the deflation rate was 0.1 per cent. The main components with the highest annual rates were *fuel, light and water charges (5.6 per cent)*, and *miscellaneous (3.5 per cent)*, while the lowest annual rates were observed for *medical care (-0.4 per cent)*, and *housing (-0.3 per cent)*.

United Kingdom

The annual inflation rate eased to 1.9 per cent in January 2014, down from 2.0 per cent in December 2013. The rate was 2.7 per cent during the similar period a year earlier. The main components with the highest annual rates were *education (10.3 per cent)*, *alcohol beverages & tobacco (4.5 per cent)*, and *housing & utilities (3.6 per cent)*, while the lowest annual rates were observed for *recreation & culture (0.4 per cent)*, and *transport (0.5 per cent)*. The annual inflation rate for January 2014 was in line with the Bank of England's inflation target of 2.0 per cent.

USA

The annual inflation rate in the world's largest economy rose by 1.6 per cent in January 2014 compared to 1.5 per cent in the preceding month. The rate was 1.6 per cent during the similar period a year earlier. The index for all items less food and energy rose by 1.6 per cent in January 2014, compared to 1.7 per cent in the preceding month.

The food index rose by 1.1 per cent in January 2014 unchanged from the preceding month. The energy index rose by 2.1 per cent in January 2014 compared to 0.5 per cent in the preceding month. The inflation rate for January 2014 remained below the Federal Reserve Bank's long term inflation estimate of 2.0 per cent.

Inflation Rate for a Selected Developing Economies

Brazil

The annual inflation rate was 5.6 per cent in January 2014, down from 5.9 per cent in the preceding month. The rate was 6.2 per cent during the similar period a year earlier. The annual rate recorded for January 2014 was in line with the Brazilian Central Bank inflation target of 4.5 per cent with a floating range of 2 percentage points.

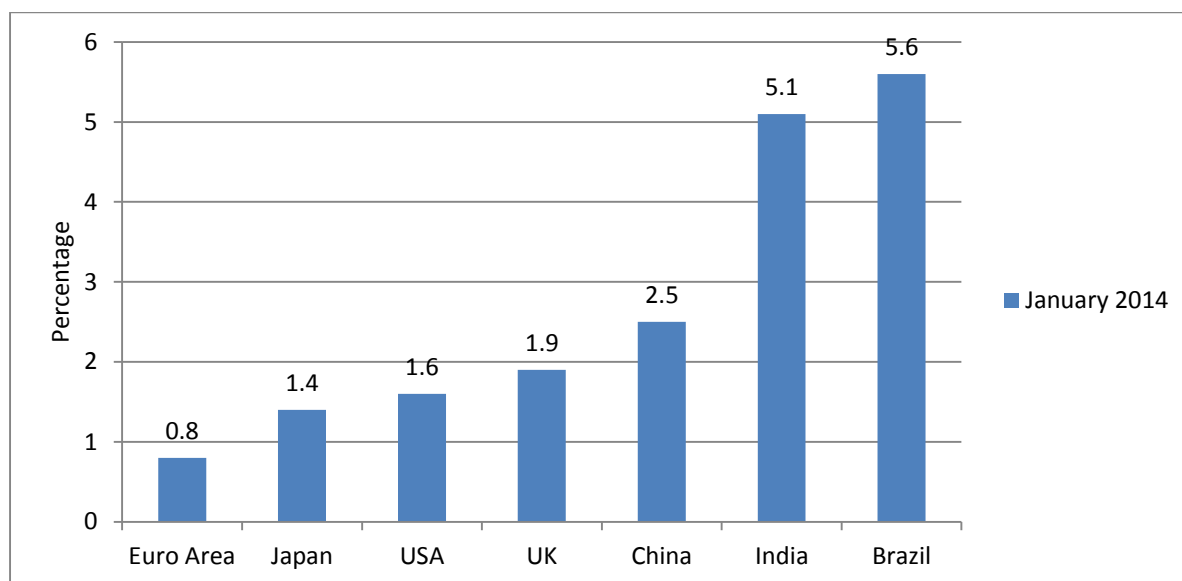

China

The annual inflation rate was 2.5 per cent in January 2014, unchanged from the preceding month. The rate was 2.0 per cent during the similar period a year earlier. The main components with the highest annual rates were *food (3.7 per cent)*, *recreation, education, culture articles & services (3.3 per cent)*, and *residence (2.8 per cent)*, while the lowest annual rates were observed on *tobacco, liquor & articles (-0.7 per cent)* and *transport & communication (0.2 per cent)*. The annual inflation rate for January 2014 continued to be below the Government's inflation target of 3.0 per cent.

India

The annual inflation rate stood at 5.1 per cent in January 2014 as compared to 6.2 per cent in the preceding month and 6.6 per cent during the corresponding month in the previous year. The main components with the highest annual rates were *primary articles (1.9 per cent)*, and *fuel & power (0.7 per cent)*, while the lowest annual rates were observed on *manufactured products (0.5 per cent)*. The inflation rate registered during January 2014 remained above the Reserve Bank target range of 4.0 – 4.5 per cent.

Botswana

The annual inflation rate rose to 4.4 per cent in January 2014, from 4.1 per cent in the preceding month. The annual rate in January 2014 was lower than the 7.5 per cent recorded during the similar month in 2013. On average, prices increased by 0.9 per cent between December and January 2014.

The main components with the highest annual rates were *hotels & restaurants (8.5 per cent)*, and *alcoholic beverages & tobacco (8.3 per cent)*, while the lowest annual rate was observed in *communication (0.4 per cent)*.

The annual inflation rate for January 2014 remained within the inflation target range of 3 – 6 per cent set out by the Bank of Botswana. During the month of January 2014 the bank rate² remained at 7.5 per cent, while the prime rate was 8.5 per cent.

Chart 6: Annual Inflation Rate

Source: Statistics Botswana

Lesotho

The annual inflation rate rose to 5.4 per cent in January 2014 from 5.1 per cent in the preceding month. A year earlier inflation rate was 5.1 per cent during the corresponding month. On average, prices increased by 0.9 per cent between December 2013 and January 2014.

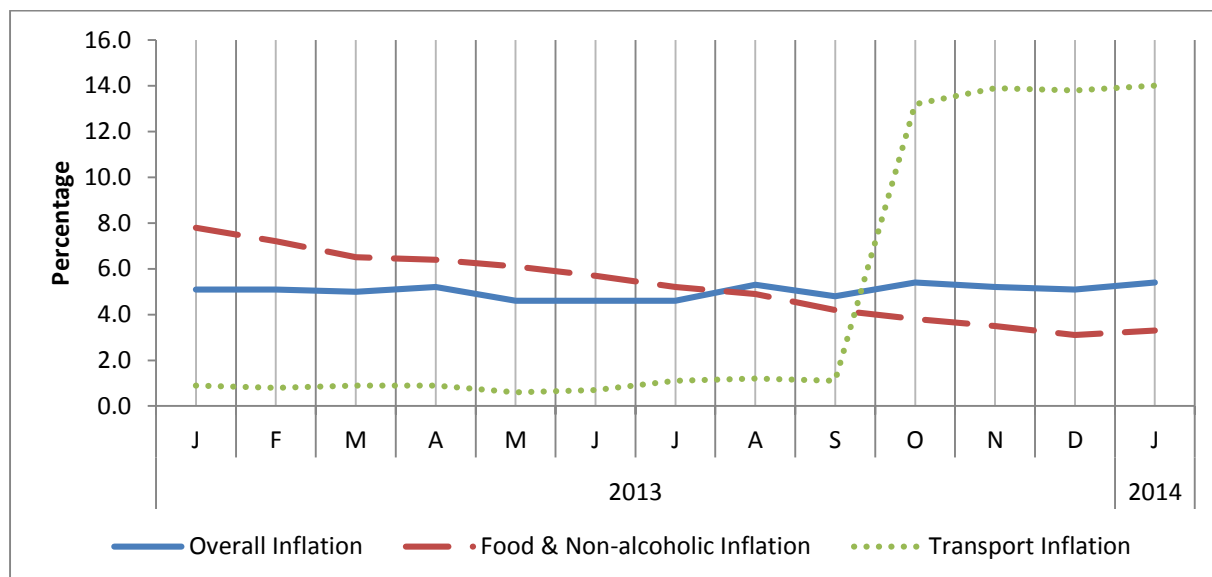

The main components with the highest annual rates were *transport (14.0 per cent)*, *housing & utilities (13.5 per cent)*, and *education (7.1 per cent)*, while the lowest annual rate was observed in *communications (stagnant)*.

Lesotho monetary policy targets the maintenance of adequate net international reserves (NIR). The NIR target for the quarter ending in March 2014 was set at USD0.56 billion, which translates to M6.04 billion, a target that is consistent with the maintenance of the exchange rate peg between the Loti and the Rand. During the

² Bank rate is the rate at which the Central Bank lends to Commercial Banks

month of January 2014 the Lombard facility stood at 9.91 per cent, while the prime lending rate was recorded at 10.25 per cent.

Chart 7: Annual Inflation Rate

Namibia

The annual inflation rate rose by 4.9 per cent in January 2014, unchanged from the preceding month. The annual rate in January 2014 was lower than the 6.2 per cent recorded during the similar month in 2013. On average, prices increased by 0.9 per cent between December 2013 and January 2014.

The main components with the highest annual rates were *education (8.0 per cent)*, *alcoholic beverages & tobacco (7.6 per cent)*, and *food & non-alcoholic beverages (7.0 per cent)*, while the lowest annual rate was observed in *communications (-0.5 per cent)*.

The NIR level increased to N\$18.6 billion in January 2014 from N\$15.7 billion recorded in the previous month, and it was sufficient to support the Rand parity. During the month of January 2014, the repo rate remained unchanged at 5.5 per cent. Similarly, the prime rate remained unchanged at 9.25 per cent during January 2014.

Chart 8: Annual Inflation Rate

Source: Namibia Statistics Agency

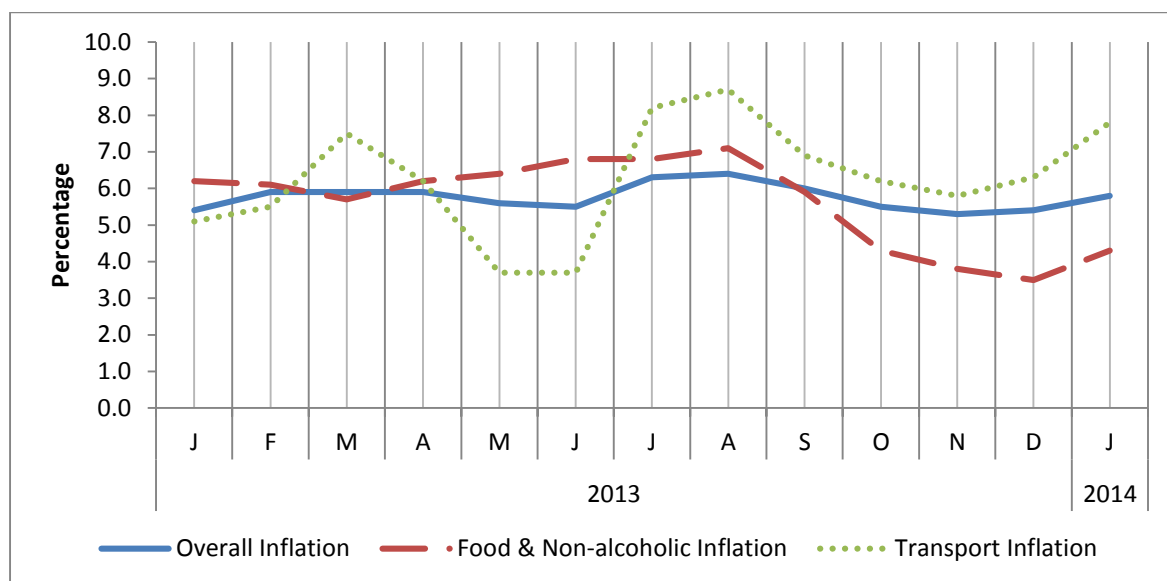

South Africa

The annual inflation rate rose to 5.8 per cent in January 2014, from 5.4 per cent in the previous month. Annual inflation rate in January 2014 was higher than the 5.4 per cent that was recorded in January 2013. On average, prices increased by 0.7 per cent between December 2013 and January 2014.

The main components with the highest annual rates were *education (9.0 per cent)*, *transport (7.8 per cent)*, and *restaurants & hotels (7.4 per cent)*, while the lowest annual rate was observed in *communication (1.1 per cent)*.

The annual inflation rate remained within the target range of 3-6 per cent during January 2014. Interest rate policy remained accommodative for growth with the repo rate recorded at 5.0 per cent, and the prime rate at 8.5 per cent during January 2014.

Chart 9: Annual Inflation Rate

Source: Stats SA

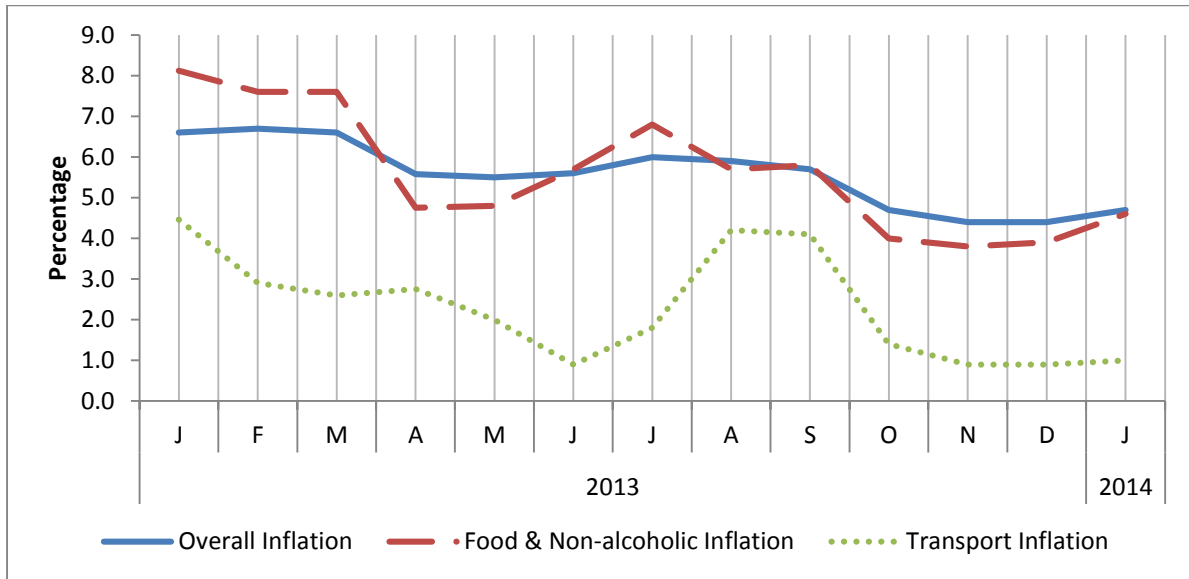

Swaziland

The annual inflation rate was 4.7 per cent in January 2014 compared to 4.4 per cent in the previous month. The annual inflation rate for January 2014 was lower than the 6.6 per cent recorded during the similar period in the previous year. On average, prices rose by 0.5 per cent between December 2013 and January 2014.

The main components with the highest annual rates were *health (10.6 per cent)*, *education (8.5 per cent)*, and *recreation & culture (7.7 per cent)*, while the lowest annual rate was observed in *communications (stagnant)*.

The NIR level for January 2014 increased to E9.2 billion compared to E7.9 billion in the previous month, enough to cover 4.6 months of imports of goods and services and it was sufficient to support the Rand parity. Interest rate policy remained accommodative for growth with the discount rate recorded at 5.0 per cent, and the prime rate at 8.5 per cent.
